The statistics contained herein, supplement those in the Handbook of Dairy Statistics issued in 1928. The names and numbers of the tables in this supplement are the same as those in the Handbook. The tables omitted from the supplement are either of minor importance now or for which later data are not available.

Official figures are given when available. Figures in tables 3, 4, 5, and 6 were estimated by T.R. Pirtle and P.F. Brookens.
